Dementia Friendly South Belfast

South Belfast is becoming a friendlier place for people living with dementia, their families and friends, and for older people.

"Dementia Friendly South Belfast" is a voluntary campaign to improve life for people affected by dementia in this community. The campaign brings together businesses, voluntary and community groups, churches, schools, universities, libraries and more. People living with and affected by dementia have a leading role in this campaign.

Do you want to join in?
Everyone can make a difference.
Please join the campaign to make South Belfast Dementia Friendly

Stay in contact and find out what we are doing!
